Profile

I like to work in projects where creativity plays a key role. Developing tomorrow's projects with a creative team is the best job I can picture myself in.

Experience

Research Intern, IMDEA Networks, Madrid, Spain – 2013-Present

Developed tools (Android apps, Python scripting) for investigation related to networks (transmission optimization, LTE). Helped in 2 papers accepted in IEEE CAMAD 2014 and MMSys. Presented a paper in Athens at the IEEE CAMAD 2014 Sessions.

Talentum, Telefónica, Madrid, Spain – 2013-2014

One of 12 selected. Got formation in Git and Android. Worked with C++ and NS3.

Sound Engineer & Producer, Heartbeat Records Madrid, Madrid, Spain – 2009-2011

Worked with Digidesign's ProTools, Propellerhead's Reason and Apple's Logic DAWs as well as Røde microphones, Digidesign Control 24 (digital) and Universal Audio UADs and Solo 610 (analog). Did public relations for the studio as well.

Education

Universidad Carlos III de Madrid, Spain – Grado en Ingeniería Telemática, 2009–Present

Talentum, Telefónica, Madrid, Spain – 2013-2014
